SPEED AND CONNECTIONS (up to 500 Mbit/s)

We can update the speed up to 500 Megabit synchronously (500 Mbit/s downstream and upstream) via our Internet provider. Please contact us directly for us to request and set up this offer for you.

PLEASE NOTE EXCLUSIVE DATA LINE

Our Internet connection is available for all our event spaces and is divided by the number of users who use the data line at the same time. If you would like to have your own exclusive data line for your individual WiFi network, please get in touch with us on time.
